Instructions for use

Apply once to twice daily in a thick layer onto the area to treat. If necessary, previously clean the area with an antiseptic soap such as Activ Wash.

- Summer dermatitis: before each new application, brush scabs lightly to remove any surplus remaining product.
- Fissures and mange: rinse the limbs thoroughly and dry before applying the product.

Precautions for use

TIFFENE POMMADE does not contain any banned or toxic substances and may be used without risk on leisure, breeding and sport horses.

If symptoms persist, consult the veterinary surgeon.
Do not swallow, keep out of the reach of children.
